

Outcome focus – a new relationship between central and local government

**Outcome focus – a new relationship
between central and local government**

. . .and what about their constituents?

- **Outcomes**

the impact or end result of government, or community planning partnership, or a service or support on a person's life

- **Alignment**

the correct position or positioning of different components with respect to each other or something else, so that they perform properly

National Performance Framework

Single Outcome Agreements

Equally Well

Community Care Outcomes

Anti - poverty

Early Years

New SOA Guidance for 2009/10

- **Strategic Focus**
- Manageable and meaningful number of outcomes and robust and measurable indicators – not a compilation of unprioritised plans and activities

New SOA Guidance for 2009/10

- About **actual outcomes**
- Clearly focus on people's quality of life and opportunities, and on the supporting social, economic and environmental conditions

New SOA Guidance for 2009/10

- **Evidence-based**
- Integrated area profile of social, economic and environmental conditions and trends, and consideration of future challenges and opportunities

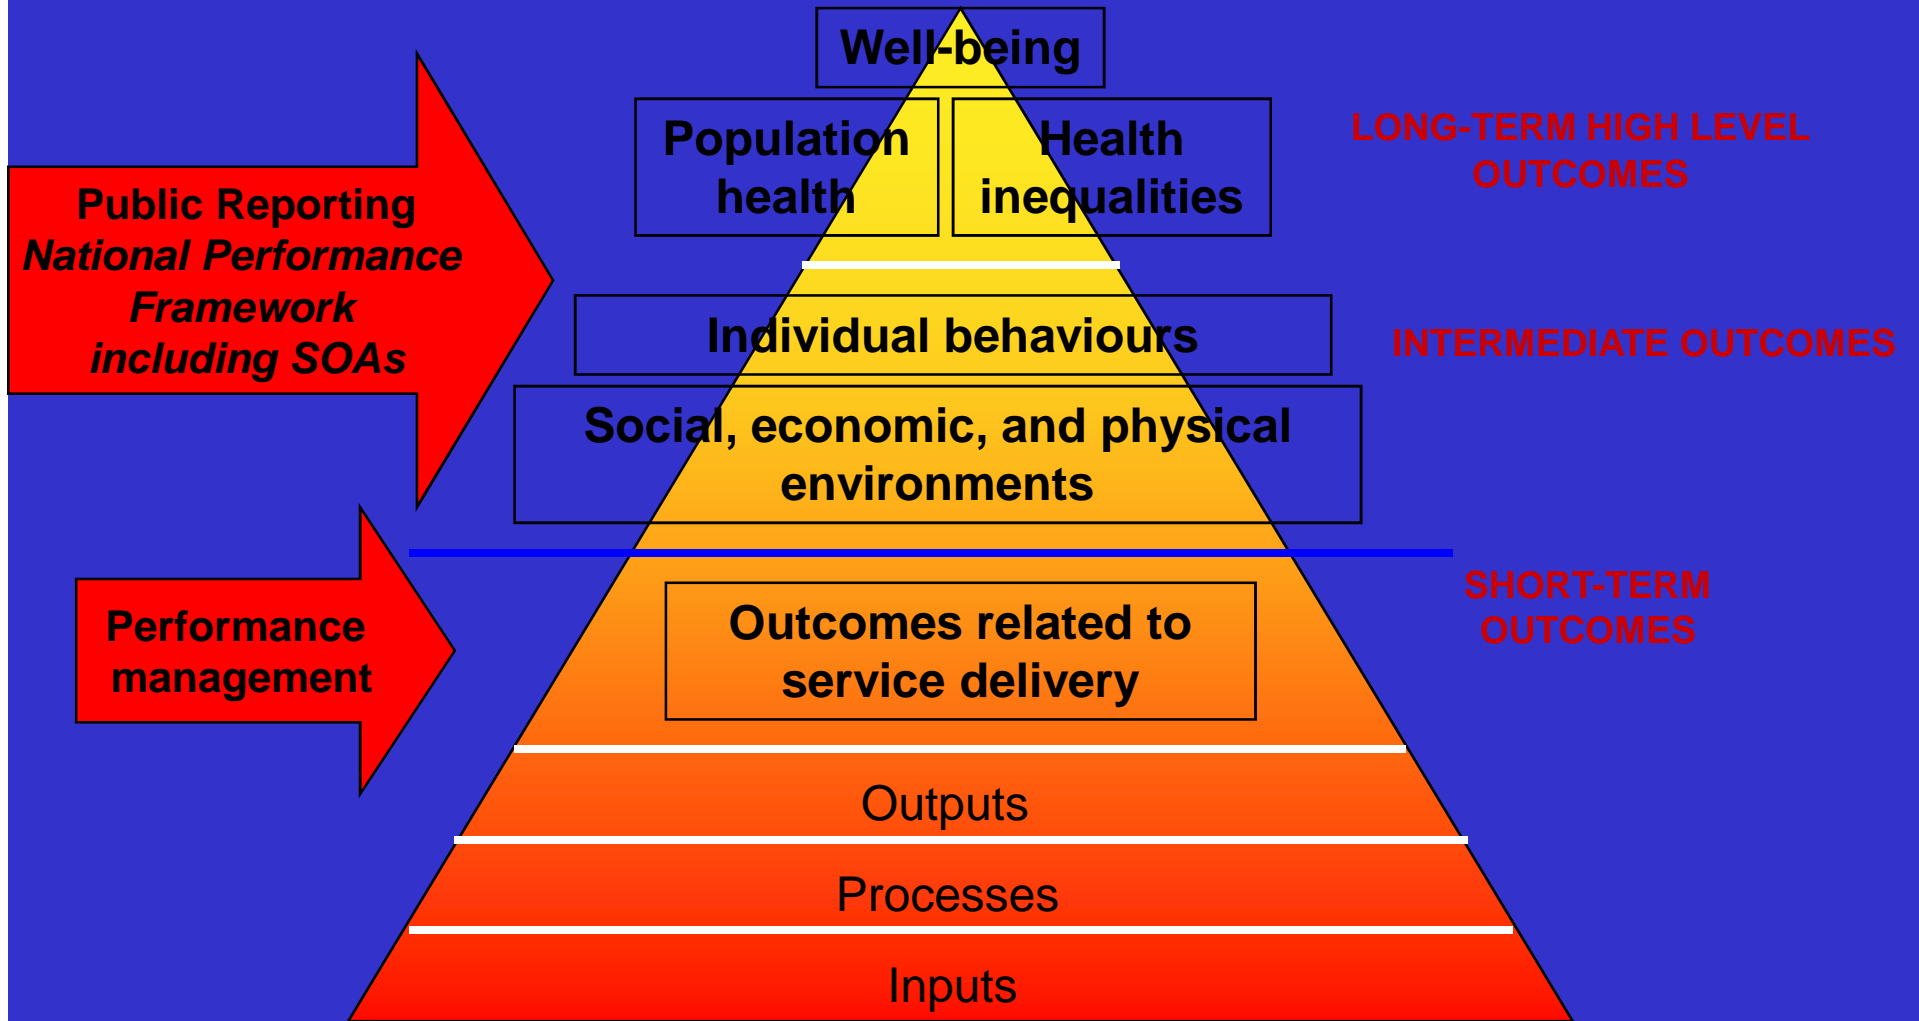

New SOA Guidance for 2009/10

- **Capable of delivery**
- Clear line of sight to supporting plans and activities which should lie “below the waterline”

New SOA Guidance for 2009/10

- Promote **continuous improvement**
- Identify further work needed, including arrangements to secure full ownership from all local partners and communities
